A veteran police officer gives his thoughtful, balanced views on police shootings, racial profiling, community relations, and every other aspect of policing--and he'll change what you think about the police. From the author of the acclaimed 400 Things Cops Know, Police Craft is a thought-provoking and revelatory examination of policing in America, as seen by a working police officer. Adam Plantinga, a 17-year veteran sergeant with the San Francisco Police Department, gives an inside view of the police officer's job, from handling evidence and conducting interrogations to coping with danger, violence, and death. Not hesitating to confront controversial issues, Plantinga presents the police officer's views on police shootings, racial profiling, and relationships between police and the community--and offers reasoned proposals on what the police and the public can do better. Hard-boiled, humorous, and compassionate, Plantinga wrestles with the complexities and contradictions of a job he loves in which he witnesses so much suffering. Transcending today's strident pro-cop/anti-cop rhetoric, Police Craft will give every reader a greater respect for the police and greater understanding of the job they do.

Bringing to light an entertaining array of anecdotes, this collection of police stories recalls some of the strangest, funniest, and most poignant accounts from the freeways, highways, and country roads throughout California. From the family who pulled over for a picnic on the median strip of a busy freeway to the angelic-looking 5-year-old girl who defused a tense traffic stop by sweetly confessing, "my daddy has a beer under the seat," this is an uncompromising view of the everyday pursuits, enforcement stops, arrests, accidents, and weird encounters that patrolmen must endure. Also featured is a panoply of unlikely drunk-driving suspects, including Santa Claus, a Boy Scout troop leader, a newlywed couple, and an airline pilot on his way to fly a plane; the traffic stop of an elderly driver whose license had expired 35 years earlier--and who explained he was on his way to the DMV; and many more hilarious, odd, and tragic stories of life and death on the open road. Encouraging a renewed respect for the men and women in uniform who risk their lives to protect the public, this compilation also contains advice on highway safety and how to behave when pulled over by a patrol officer.

Steve Osborne has seen a thing or two in his twenty years in the New York Police Department (NYPD) -- some harmless things, some definitely not. In "Stakeout," Steve and his partner mistake a Manhattan dentist for an armed robbery suspect and reduce the man down to a puddle of snot and tears when questioning him. In "Mug Shot," the mother of a suspected criminal makes a strange request and provides a sobering reminder of the humanity at stake in his profession. And in "Home," the image of his family provides the adrenaline he needs to fight for his life when assaulted by two armed and violent crackheads. From his days as a rookie cop to the time spent patrolling in the Anti-Crime Unit -- and his visceral, harrowing recollections of working during 9/11 -- Steve Osborne's stories capture both the absurdity of police work and the bravery of those who do it. His stories will speak to those nostalgic for the New York City of the 1980s and '90s, a bygone era of when the city was a crazier, more dangerous (and possibly more interesting) place.

One of the most hotly debated subjects in current events is the use of force by police personnel. In recent years, protests have taken place over most of the United States after several high-profile cases in which excessive force during arrests was claimed. This volume examines opinions surrounding police action in the United States and abroad, such as arguments in favor of or against controversial policies such as stop-and-frisk. Through this wide spectrum of experiences, students are encouraged to reach their own conclusions using the information they have read and synthesized.

This book is based on the very simple premise that we are all surrounded by experienced people everywhere, each one a potential teacher. Their collective experiences in all facets of life far surpass what an individual is capable of learning alone. It is also fair to say that one can learn something from every living creature. Sometimes it is an obvious lesson but more often it is not! All information is acquired from others but the lessons that you are prepared to learn from that association is what matters. Life does not have to be so difficult! Street Smart Kids is offering you a chance to experience a more fulfilling, less stressful life experience, starting right now! With nothing to lose, enjoy these thought provoking chapters. Share a few of the messages with someone that is dear to you...or perhaps could or should be. With what today's current generation of preteens, teenagers, young adults, parents, coaches, mentors and teachers have to deal with, just one good idea put into practice can change the course of a life or two. Problems that can't be solved with resources are best solved by prevention, made possible by the implementation of objectivity, common sense and logic. This book is loaded with real life experiences aimed at preventing more than a few hard knocks.
