Senator Rand Paul, leading national politician and 2016 Presidential candidate, presents his vision for America. From his electrifying thirteen-hour filibuster against administration-orchestrated drone strikes against U.S. citizens, to leading the discourse on criminal justice, Senator Rand Paul has taken Washington by storm. His outreach to this country's minority communities alone- championing reforms of mandatory minimum sentencing, school choice, and the creation of enterprise zones for economically depressed areas- distinguishes him as a politician and Republican the likes

What lies ahead is Senator Paul's plan for America, where lower taxes and smaller government empower a muscular and expansive middle class; an America that doesn't engage in nation-building or fight wars where the best outcome is stalemate; an America that believes in constitutionally protected liberty and the separation of powers.

Explorer, global green leader, and eco-TV host David de Rothschild recounts the extraordinary journey of the *Plastiki*, an innovative and mostly untested sixty-foot catamaran that floats on 12,500 reclaimed plastic bottles. It was a voyage that took de Rothschild and a five-person crew 10,000 miles from the U.S. to Australia, sailing through rarely traveled, dangerous waters, risking their lives to call attention to our fragile oceans. Their exploration included urgent study of ocean pollution, island nations threatened by rising seas, damaged
