Now a Netflix film starring Tom Holland and Robert Pattinson A dark and riveting vision of 1960s America that delivers literary excitement in the highest degree. In The Devil All the Time, Donald Ray Pollock has written a novel that marries the twisted intensity of Oliver Stone's Natural Born Killers with the religious and Gothic overtones of Flannery O'Connor at her most haunting. Set in rural southern Ohio and West Virginia, The Devil All the Time follows a cast of compelling and bizarre characters from the end of World War II to the 1960s. There's Willard Russell, tormented veteran of the carnage in the South Pacific, who can't save his beautiful wife, Charlotte, from an agonizing death by cancer no matter how much sacrificial blood he pours on his "prayer log." There's Carl and Sandy Henderson, a husband-and-wife team of serial killers, who troll America's highways searching for suitable models to photograph and exterminate. There's the spider-handling preacher Roy and his crippled virtuoso-guitar-playing sidekick, Theodore, running from the law. And caught in the middle of all this is Arvin Eugene Russell, Willard and Charlotte's orphaned son, who grows up to be a good but also violent man in his own right. Donald Ray Pollock braids his plotlines into a taut narrative that will leave readers astonished and deeply moved. With his first novel, he proves

Access Free Devil Time Pollock Donald Ray Doubleday

himself a master storyteller in the grittiest and most uncompromising American grain.

****NOW A MAJOR NETFLIX FILM STARRING TOM HOLLAND AND ROBERT PATTINSON**** 'Some people were born just so they could be buried' In Knockemstiff, Ohio, war veteran Willard can't save his beautiful wife, Charlotte, from a slow death by cancer no matter how much sacrificial blood he pours on his 'prayer log'. Carl and Sandy Henderson, a husband-and-wife team of serial killers, trawl America's highways searching for suitable models to photograph and exterminate. Preacher Roy and his crippled virtuoso-guitar-playing sidekick are running from the law. And caught in the middle of all this is Arvin, Willard and Charlotte's orphaned son, looking for answers.... 'Superb' The Times 'Terrifying ... an unsettling masterwork' GQ

Presents a dark tale set in rural southern Ohio and West Virginia between World War II and the 1960s that follows the experiences of tormented and violent individuals whose struggles culminate in the adult patterns of an orphaned son.

From Donald Ray Pollock, author of the highly acclaimed *The Devil All the Time* and *Knockemstiff*, comes a dark, gritty, electrifying (and, disturbingly, weirdly funny) new novel that will solidify his place among the best contemporary American authors. It is 1917, in that sliver of border land that divides Georgia from Alabama. Dispossessed farmer Pearl Jewett ekes out a hardscrabble existence with his three young sons: Cane (the eldest; handsome; intelligent); Cob (short; heavy set; a bit slow); and Chimney (the youngest; thin; ill-tempered). Several hundred miles away in southern Ohio, a farmer by the name of Ellsworth Fiddler lives with his son, Eddie, and his wife, Eula. After Ellsworth is swindled out of his family's entire fortune, his life is put on a surprising, unforgettable, and violent trajectory that will directly lead him to cross paths with the Jewetts. No good can come of it. Or can it? In the gothic tradition of Flannery O'Connor and Cormac McCarthy with a healthy dose of cinematic violence reminiscent of Sam Peckinpah, Quentin Tarantino and the Coen Brothers, the Jewetts and the Fiddlers will find their lives colliding in increasingly dark and horrific ways, placing Donald Ray Pollock firmly in the company of the genre's literary masters.

"More engaging than any new fiction in years." —Chuck Palahniuk An unforgettable work of fiction that peers into the soul of a tough Midwestern American town to reveal the sad, stunted but resilient lives of its residents. *Knockemstiff* is a genuine entry into the literature of place. Spanning a period from the mid-sixties to the late nineties, the linked stories that comprise *Knockemstiff* feature a cast of recurring characters who are irresistibly, undeniably real. A father pumps his son full of steroids so he can vicariously relive his days as a perpetual runner-up body builder. A psychotic rural recluse comes upon two siblings committing incest and feels compelled to take action. Donald Ray Pollock presents his characters and the sordid goings-on with a stern intelligence, a bracing absence of value judgments, and a refreshingly dark sense of bottom-dog humor.

A ferocious debut that puts Frank Bill's southern Indiana on the literary map next to Cormac McCarthy's eastern Tennessee and Daniel Woodrell's Missouri Ozarks *Crimes in Southern Indiana* is the most blistering, vivid, flat-out fearless debut to plow into American literature in recent years. Frank Bill delivers what is both a wake-up call and a gut punch. Welcome to heartland America circa right about now, when the union jobs and family farms that kept the white on the picket fences have given way to meth labs, backwoods gunrunners, and bare-knuckle brawling. Bill's people are pressed to the brink—and beyond. There is Scoot McCutchen, whose beloved wife falls terminally ill, leaving him with nothing to live for—which doesn't quite explain why he brutally murders her and her doctor and flees, or why, after years of running, he decides to turn himself in. In the title story, a man who has devolved from

Access Free Devil Time Pollock Donald Ray Doubleday

breeding hounds for hunting to training them for dog-fighting crosses paths with a Salvadoran gangbanger tasked with taking over the rural drug trade, but who mostly wants to grow old in peace. As *Crimes in Sourthern Indiana* unfolds, we witness the unspeakable, yet are compelled to find sympathy for the depraved. Bill's southern Indiana is haunted with the deep, authentic sense of place that recalls the best of Southern fiction, but the interconnected stories bristle with the urban energy of a Chuck Palahniuk or a latter-day Nelson Algren and rush with the slam-bang plotting of pulp-noir crime writing à la Jim Thompson. Bill's prose is gritty yet literary, shocking, and impossible to put down. A dark evocation of the survivalist spirit of the working class, this is a brilliant debut by an important new voice.

"In 1917, in the sliver of borderland between Georgia and Alabama, three brothers--Can, Cob, and Chimney Jewett--undertake a last-ditch effort to break free of their poverty. They steal their landowner's horses, and soon enough are shooting and looting their way north, making a name for themselves as they go. Hundred of miles away in southern Ohio, the good-natured Fiddler family has been swindled out of land and fortune. To make matters worse, they're smack in the middle of the now notorious Jewett Gang's trajectory. As the two families collide, it turns out that their only chance at survival, and maybe even salvation, lies with one another. In the great Southern Gothic tradition, with a heavy dose of cinematic violence, Donald Ray Pollock pens a bloody outlaw tale in an era that somehow seems not so distant from today."--Back cover.

EBOOK PUBLICATION DATE: 9th August 2019 PAPERBACK PUBLICATION DATE: 30th August 2019 "Roger McKnight is a very slick writer with an incredibly quirky sensibility. Miss him at your own peril." – Mark SaFranko – "'Hopeful Monsters' is one of the best collections of linked stories I've ever read." – Donald Ray Pollock – "These are stories full of compassion and humanity that beautifully evoke the plains of Minnesota from an exciting and authentic new voice in American letters." – James Miller – "Hopeful Monsters features an array of intriguing characters brought to life through elegant, often gritty specificity that illuminates what it is to be human." – Adam Lock – "In the carefully rendered world of this collection, chance and circumstance bring disappointment and struggle, but also moments of precious hope." – Wendy Erskine – "This collection shows me why I read stories – to see beneath the surface of real lives and remember that I am not alone." – Jason Brown – "Roger McKnight's prose tip toes across a vast landscape of sentiment, leaving the reader curious to learn more and hopeful like his monsters." – Michelle Blair Wilker – "This is what we talk about when we talk about hope. The prose is incandescent, the characters riveting, the themes complex. Roger McKnight is one savvy, lyrical, and fearless writer." – John Dufresne – HOPEFUL MONSTERS Roger McKnight's debut collection depicts individuals hampered by hardship, self-doubt, and societal indifference, who thanks to circumstance or chance, find glimmers of hope in life's more inauspicious moments. *Hopeful Monsters* is a fictional reflection on Minnesota's people that explores the state's transformation from a homogeneous northern European ethnic enclave to a multi-national American state. Love, loss, and longing cross the globe from Somalia and Sweden to Maine and Minnesota as everyday folk struggle for self-realization. Idyllic lake sides and scorching city streets provide authentic backdrops for a collection that shines a flickering light on vital global social issues. Read and expect howling winds, both literal and figurative, directed your way by a writer of immense talent. ROGER MCKNIGHT Roger McKnight hails from Little Egypt, a traditional farming and coal-mining region in downstate Illinois. He studied and taught English in Chicago, Sweden, and Puerto Rico. Roger relocated to Minnesota and taught Swedish and Scandinavian Studies. He now lives in the North Star State. "There's an interesting fusion within the stories. Larger, universal and global issues such as poverty, race and injustice are picked apart, but from a Minnesotan point of view. Wherever you are in the world, this pedestal will provide a fresh take on opinion and assumption, and definitely leave readers understanding themselves and the world that little bit better. Ultimately we learn that all humans, wherever they live and whatever their circumstance, exist according to a series of common threads. It's a sobering read and is ideal for large group

Access Free Devil Time Pollock Donald Ray Doubleday

discussion settings such as book clubs and universities. There really is something here for everyone.” – PR for Books – “What I adored most about *Hopeful Monsters* was the fact that Roger highlighted the plight of several vulnerable groups within his stories. He wasn’t afraid to discuss sensitive topics such as suicide, homelessness, addiction, and mental health, creating an array of intriguing characters and scenarios to give a voice to the forgotten in our society.” – Dan Stubbings – *The Dimensions Between Worlds*

A Finalist for the Edgar Award for Best First Novel “Remarkable . . . This isn’t your ordinary coming-of-age novel, but with his bone-cutting insights into these men and the region that bred them, Joy makes it an extraordinarily intimate experience.”—Marilyn Stasio, *The New York Times Book Review*
"Lyrical, propulsive, dark and compelling. Joy knows well the grit and gravel of his world, the soul and blemishes of the place."--Daniel Woodrell
In the country-noir tradition of *Winter's Bone* meets 'Breaking Bad,' a savage and beautiful story of a young man seeking redemption. The area surrounding Cashiers, North Carolina, is home to people of all kinds, but the world that Jacob McNeely lives in is crueler than most. His father runs a methodically organized meth ring, with local authorities on the dime to turn a blind eye to his dealings. Having dropped out of high school and cut himself off from his peers, Jacob has been working for this father for years, all on the promise that his payday will come eventually. The only joy he finds comes from reuniting with Maggie, his first love, and a girl clearly bound for bigger and better things than their hardscrabble town. Jacob has always been resigned to play the cards that were dealt him, but when a fatal mistake changes everything, he’s faced with a choice: stay and appease his father, or leave the mountains with the girl he loves. In a place where blood is thicker than water and hope takes a back seat to fate, Jacob wonders if he can muster the strength to rise above the only life he’s ever known.

Spanning the era from the 1960s to the late 1990s, a collection of stories journeys inside the world of the diverse inhabitants of Knockemstiff, a tough, Midwestern town, as their lives change and intertwine, capturing such characters as the father who pumps his son full of steroids to relive his own days as a body builder, a psychotic rural recluse, and an incestuous pair of siblings. Reprint.
