Are We Better Off Divided? | David French \u0026 Angela Simms Divided By Faith Evangelical Religion

Michael Emerson and Christian Smith argue in their book Divided By Faith that the values and beliefs that are central to evangelical religion - freewill individualism, relationalism, and antistructuralism - actually help to increase the racial divide in America, even though they are the biggest supporters of racial reconciliation.

the modern evangelical church. Although it was published in the 2000, I believe the foundation of the race issue in evangelical churches remains mostly the same.

Divided by Faith: Evangelical Religion and the Problem of ...

The introduction of *Divided by Faith* delineates key terms in their study, particularly the identity of evangelicals, which the authors apply broadly: holding to the authority of Scripture, believe Christ died for the salvation of all, and teaching the necessity of "being born again," with evangelism being a central tenet.

A White Evangelical Responds to "Divided by Faith: Evangelical Religion and the Problem of Race in America". (Editor's Note: This article contains references to race-based slavery and racism, which could be distressing to some readers.) Living in Mississippi has provided a unique opportunity for me to dive into the issue of race in America, because you really can't live in Mississippi and not face the reality of a racialized society!

A White Evangelical Responds to "Divided by Faith ...

The book, *Divided by Faith: Evangelical Religion and the Problem of Race in America*, explores the sociological dimension of race and racial perception among white evangelicals in the United States. The authors tell a familiar story of those who are versed in American history.

Divided by Faith: Evangelical Religion and the Problem of ...

Book Review: *Divided by Faith* *Divided by Faith: Evangelical Religion and the Problem of Race in America*. By Michael O. Emerson and Christian Smith (reviewed by Peter DeHaan) *Divided by Faith* investigates race relations between whites and blacks in the United States. Although white evangelicals have a well-intentioned desire to end racial inequality, their efforts can—and have—unwittingly serve to do more harm than good, "actually recreating racial divisions and inequalities," (p 1).

Book Review: *Divided by Faith* (reviewed by Peter DeHaan)

"*Divided by Faith* is just that--an account of the deep racial division within American religion. But more than that, it is a penetrating look at the societal and religious-based reasons for this division within the Evangelical Christian sector, and a compassionate plea on the part of the authors for Christians to engage the issue of race and to lead the country in solving this 'American Dilemma.'

Divided by Faith: Evangelical Religion and the Problem of ...

Divided by Faith also includes a brilliant, concise history of evangelical thought about race from colonial times to the civil rights movement. Clearly written and impeccably researched, this book ranks among the most compassionate and critical studies of contemporary evangelicalism.

Through a nationwide survey, the authors of this study conclude that US Evangelicals may actually be preserving the racial chasm, not through active racism, but because their theology hinders their ability to recognise systematic injustice.

Through a nationwide telephone survey of 2,000 people and an additional 200 face-to-face interviews, Michael O. Emerson and Christian Smith probed the grassroots of white evangelical America. They found that despite recent efforts by the movement's leaders to address the problem of racial discrimination, evangelicals themselves seem to be preserving America's racial chasm. In fact, most white evangelicals see no systematic discrimination against blacks. But the authors contend that it is not active racism that prevents evangelicals from recognizing ongoing problems in American society. Instead, it is the evangelical movement's emphasis on individualism, free will, and personal relationships that makes invisible the pervasive injustice that perpetuates racial inequality. Most racial problems, the subjects told the authors, can be solved by the repentance and conversion of the sinful individuals at fault. Combining a substantial body of evidence with sophisticated analysis and interpretation, the authors throw sharp light on the oldest American dilemma. In the end, they conclude that despite the best intentions of evangelical leaders and some positive trends, real racial reconciliation remains far over the horizon.

In recent years, the leaders of the American evangelical movement have brought their characteristic passion to the problem of race, notably in the Promise Keepers movement and in reconciliation theology. But the authors of this provocative new study reveal that despite their good intentions, evangelicals may actually be preserving America's racial chasm. In *Divided by Faith*, Michael O. Emerson and Christian Smith probe the grassroots of white evangelical America, through a nationwide telephone survey of 2,000 people, along with 200 face-to-face interviews. The results of their research are surprising. Most white evangelicals, they learned, see no systematic discrimination against blacks; indeed, they deny the existence of any ongoing racial problem in the United States. Many of their subjects blamed the continuing talk of racial conflict on the media, unscrupulous black leaders, and the inability of African Americans to forget the past. What lies behind this perception? Evangelicals, Emerson and Smith write, are not so much actively racist as committed to a theological view of the world that makes it difficult for them to see systematic injustice. The evangelical emphasis on individualism, free will, and personal relationships makes invisible the pervasive injustice that perpetuates inequality between the races. Most racial problems, they told the authors, can be solved by the repentance and conversion of the sinful individuals at fault. Combining a substantial body of evidence with sophisticated analysis and interpretation, Emerson and Smith throw sharp light on the oldest American dilemma. Despite the best intentions of evangelical leaders and some positive trends, the authors conclude that real racial reconciliation remains far over the horizon

Can people coexist in peace when their basic beliefs are irreconcilable? Kaplan responds by taking us back to early modern Europe, when the issue of religious toleration was no less pressing than it is today. *Divided by Faith* is both history from the bottom up and a much-needed challenge to our belief in the triumph of

Acces PDF Divided By Faith Evangelical Religion And The Problem Of Race In America

reason over faith. This compelling story reveals that toleration has taken many guises in the past and suggests that it may well do the same in the future.

The essays in *Christians and the Color Line* complicate the research findings of Emerson and Smith's *Divided by Faith* (2000) and explore new areas of research that have opened in the years since its publication.

Mark Noll has written a major indictment of American evangelicalism. Reading this book, one wonders if the evangelical movement has pandered so much to American culture and tried to be so popular only to lose not only its mind but its soul as well. For evangelical pastors and parishoners alike, this is a must read! --Robert Wuthnow.

Presents an argument for multiracial Christian congregations in breaking down racial barriers in the United States.

"An excellent study of evangelicalism" from the award-winning sociologist and author of *Souls in Transition* and *Soul Searching* (*Library Journal*). Evangelicalism is one of the strongest religious traditions in America today; twenty million Americans identify themselves with the evangelical movement. Given the modern pluralistic world we live in, why is evangelicalism so popular? Based on a national telephone survey and more than three hundred personal interviews with evangelicals and other churchgoing Protestants, this study provides a detailed analysis of the commitments, beliefs, concerns, and practices of this thriving group. Examining how evangelicals interact with and attempt to influence secular society, this book argues that traditional, orthodox evangelicalism endures not despite, but precisely because of, the challenges and structures of our modern pluralistic environment. This work also looks beyond evangelicalism to explore more broadly the problems of traditional religious belief and practice in the modern world. With its impressive empirical evidence, innovative theory, and substantive conclusions, *American Evangelicalism* will provoke lively debate over the state of religious practice in contemporary America. "Based on a three-year study of American evangelicals, Smith takes the pulse of contemporary evangelicalism and offers substantial evidence of a strong heartbeat . . . Evangelicalism is thriving, says Smith, not by being countercultural or by retreating into isolation but by engaging culture at the same time that it constructs, maintains and markets its subcultural identity. Although Smith depends heavily on sociological theory, he makes his case in an accessible and persuasive style that will appeal to a broad audience." —*Publishers Weekly*

Passing the Plate shows that few American Christians donate generously to religious and charitable causes. This eye-opening book explores the reasons behind such ungenerous giving, the potential world-changing benefits of greater financial giving, and what can be done to improve matters. By illuminating the social and psychological forces that shape charitable giving, *Passing the Plate* is sure to spark a much-needed debate on a critical issue.

This timely book investigates the increasing visibility and influence of evangelical Christians in recent American politics with a focus on racial justice. Peter Goodwin Heltzel considers four evangelical social movements: Focus on the Family, the

Acces PDF Divided By Faith Evangelical Religion And The Problem Of Race In America

National Association of Evangelicals, Christian Community Development Association, and Sojourners. The political motives and actions of evangelical groups are founded upon their conceptions of Jesus Christ, Heltzel contends. He traces the roots of contemporary evangelical politics to the prophetic black Christianity tradition of Martin Luther King, Jr., and the socially engaged evangelical tradition of Carl F. H. Henry. Heltzel shows that the basic tenets of King's and Henry's theologies have led their evangelical heirs toward a prophetic evangelicalism in a shade of blue green--blue symbolizing the tragedy of black suffering in the Americas, and green symbolizing the hope of a prophetic evangelical engagement with poverty, AIDS, and the environment. This fresh theological understanding of evangelical political groups shines new light on the ways evangelicals shape and are shaped by broader American culture.
