During those bitterly cold four months, the nation is a snow-draped landscape of desolate loneliness, devoid of human activity. Well, not quite. Your name is Charlie Worthing and it's your first season with the Winter Consuls, the committed but mildly unhinged group of misfits who are responsible for ensuring the hibernatory safe passage of the sleeping masses. You are investigating an outbreak of viral dreams which you dismiss as nonsense; nothing more than a quirky artefact borne of the sleeping mind. When the dreams start to kill people, it's unsettling. When you get the dreams too, it's weird. When they start to come true, you begin to doubt your sanity. He is charming, good-natured, and handsome but unfortunately, he has also slept with nearly every woman in Boyne City, Michigan. Jane sees Duncan's old girlfriends everywhere--at restaurants, at the grocery store, even three towns away. While Jane may be able to come to terms with dating the world's most prolific seducer of women, she wishes she did not have to share him quite so widely. His ex-wife, Aggie, a woman with shiny hair and pale milkmaid skin, still has Duncan mow her lawn. His coworker, Jimmy, comes and goes from Duncan's apartment at the most inopportune times. Sometimes Jane wonders if a relationship can even work with three people in it--never mind four. Five if you count Aggie's eccentric husband, Gary. Not to mention all the other residents of Boyne City, who freely share with Jane their opinions of her choices. But any notion Jane had of love and marriage changes with one terrible car crash. Soon Jane's life is permanently intertwined with Duncan's, Aggie's, and Jimmy's, and Jane knows she will never have Duncan to herself. But could it be possible that a deeper kind of

The world seems terrifying. Whether your fear is about violence, shame, illness, money, meaning, or the collapse of certainty, you are not alone. Yet the power of the fear we feel depends on the story we tell about fear. Fight, flee, or freeze: are these are only options? Growing up near the troubled city of Belfast, Gareth Higgins was schooled in suspicion, mistrust, and paranoia. Would someone be lurking behind the door? Was there a bomb under that car? Yet fear feeds on the stories we tell ourselves, Higgins claims, and in the pages of *How Not to Be Afraid*, he delves into the mechanisms of fear, as well as the quiet, immense strength of individuals and communities that refuse to let it reign. Grounded in personal

experience and expert reflection on violence, conflict transformation, and trauma recovery, Higgins traces vulnerability as strength to address seven common fears that plague each of us at some point in our lives. By examining such topics as the fear of being alone, the fear of not having enough, and the fear of violence and death, he invites readers into habits of hope rooted in Celtic spirituality and the mysteries of love. In the rich spiritual, activist, and literary tradition of Walter Wink and Kathleen Norris, Higgins points us toward tenderness, empathy, and gentle encounter with each other and with our deepest and most relentless fears. He shows us how we can replace our narratives of fear and cynicism with better stories. Peace is the way to itself, he reveals, and when we choose this path, our lives will never be the same.

“ Katherine Heiny's work does something magical: elevates the mundane so that it has the stakes of a mystery novel, gives women's interior lives the gravity they so richly deserve -- and makes you laugh along the way. ” —Lena Dunham Single, *Carefree, Mellow* is that rare and wonderful thing: a debut that is superbly accomplished, endlessly entertaining, and laugh-out-loud funny. Maya is in love with both her boyfriend and her boss. Sadie ' s lover calls her as he drives to meet his wife at marriage counseling. Gwen pines for her roommate, a man who will hold her hand but then tells her that her palm is sweaty. And Sasha agrees to have a drink with her married lover ' s wife and then immediately regrets it. These are the women of Single, *Carefree, Mellow*, and in these eleven sublime stories they are grappling with unwelcome houseguests, disastrous birthday parties, needy but loyal friends, and all manner of love, secrets, and betrayal. In “ Cranberry Relish ” Josie ' s ex—a man she met on

In “ Blue Heron Bridge ” Nina is more worried that the Presbyterian minister living in her garage will hear her kids swearing than about his finding out that she ’ s sleeping with her running partner. And in “ The Rhett Butlers ” a teenager loses her virginity to her history teacher and then outgrows him. In snappy, glittering prose that is both utterly hilarious and achingly poignant, Katherine Heiny chronicles the ways in which we are unfaithful to each other, both willfully and unwittingly. Maya, who appears in the title story and again in various states of love, forms the spine of this linked collection, and shows us through her moments of pleasure, loss, deceit, and kindness just how fickle the human heart can be.
