Primary Exploring Science Teacher Guides provide comprehensive support for teachers and teaching assistants, saving you time and giving you a helping hand with planning.

In this volume, educationists and experts on values, including the Archbishop of Canterbury, discuss the question of values and the curriculum in societies which are changing rapidly and in which disagreements about values are sometimes acrimonious.

This pupil book contains starter activities at the beginning of each chapter illustrating science in the real world. It contains questions throughout each chapter to reinforce knowledge, and questions for the whole class or group discussion.
