Over the past 150 years, communities have focused their attention on enhancing quality of life, health and wellness, and the greening of their environments through the provision of park and recreation services and amenities. The greening and beautification of communities as well as tying recreation services to clean economic development provide a direct connection between the work public park and recreation departments and community development. This text asks students to consider important questions, such as: What are the most important elements of a livable community? In what type of community they would like to live? How important are building social connections amongst family, friends, neighbors, colleagues, and others? How are such relationships developed and sustained? What types of organizations are more likely to create such opportunities for building ones social capital? What agencies in the community are concerned with addressing environmental degradation and on the flipside enhancing community beautification and greening? All of these questions point toward the importance of public parks and recreation and its community development efforts. Community Parks & Recreation: An Introduction is organized into three major parts. Part I focuses on the History and Philosophical Foundations of Public Parks and Recreation. The major intent of this section is to provide an underpinning to assist the student in understanding the

major dimensions of public parks and recreation and its impact socially, culturally, environmentally and economically. Part II of the book focuses on Managerial and Administrative Aspects of Park and Recreation Systems. This section of the book provides practical strategies for administrative activities, planning, marketing, budgeting, engaging the public and land acquisition. Part III of the book is focused on The Public Sector Service Provision in Parks and Recreation. This section of the book focuses on program and service delivery including chapters dealing with programming for community recreation, youth programming, programming for adults and seniors, programming special events and community-based therapeutic recreation. The authors of this text all share a deep interest in community, parks, and/or recreation services. At various times in their careers, they have served as playground leaders, recreation specialists, youth leaders, community therapeutic recreation specialists, recreation center directors, recreation supervisors and/or directors of parks and recreation. The authors hold a strong commitment to community parks and recreation that is clearly reflected in this new text.

"...Family reunions, class reunions, service reunions ... A-to-Z guide to reunions that leaves nothing to chance..." --back cover.

Hear these words. They were commissioned by you, for you! You know, you are solely responsible to seek your salvation. You also know everything is of your choosing. Choose to LIVE your life in the light or choose EVIL and dwell in the darkness. The darkness of hate is self-consuming while the love of light makes all things possible. Seek truth in all you do and think and be kind one to another. These short stories depict every day individuals living their lives in common ways. They are conditioned, comfortable, and consumed with a unique value of self. They are oblivious to true happiness, humility, and a fulfilled life. They are blinded by self and do not recognize what they do. Ask that your eyes be opened and that your heart be softened. Pay attention to your acts and thoughts. You will learn about yourself, becoming aware of your virtues or lack thereof. A virtuous life is not only joyful, it fulfills your wants and needs. Judging these individuals or their actions as they migrate through life is not our purpose. Our purpose is to recognize their missteps, become aware of our own missteps, and seek reconciliation. Good reading to you, then pass it on to others.

Covers 5.5hp through 20hp four-stroke engines.

Menachem Mautner offers a compelling account of Israeli law as a site for the struggle over the shaping of Israeli culture. On the one hand, a secular, liberal group wishes to

associate Israel with Western culture and to link Israeli law to Anglo-American liberalism. On the other hand, a religious group wishes to associate Israeli culture with traditional Jewish culture, and to found Israeli law on traditional Jewish law. The struggle between secular and religious Jews has been part of the life of the Jewish people in the past 300 years. It resurged in the 1970s with the rise of religious fundamentalism and the decline of the political and cultural hegemony of the Labor movement. The secular group reacted by shifting much of its political action to the Supreme Court which since the establishment of the state has been the state organ most identified with entrenching liberal values in the country's political culture. In a short span of time in the early 1980s the Court effected extensive changes in its jurisprudence, most strikingly adoption of sweeping judicial activism which is widely regarded as the most far-reaching in the world. The Court's activism provided the secular group with the means for intervening in decisions of the state branches over which the group had lost control. With Arabs being a fifth of the country's population, an additional divide in Israel is that between Jews and Arabs. Drawing on notions of multiculturalism, political liberalism and republicanism, the book offers fresh insights as to how to manage Israel's divisive situation.
