The book explores the key elements of housekeeping as also its theoretical foundations and techniques of operations: the structure and layout of the housekeeping department, housekeeping inventory, guest room layout and maintenance, flower arrangement, and interior decoration.

Provides students and practitioners with the latest data on how to open, operate and manage housekeeping in a hotel or motel. Presents material in the order of responsibilities encountered by someone assigned to open a new facility and uses an authentic facility model throughout. New to this edition is a chapter on environmental services which covers hospitals and health care institutions, elementary microbiology, infectious waste control and disposal; additional information on material management with attention to OSHA requirements for handling cleaning supplies and chemicals; an expanded chapter on loss prevention, security surveys and liability due to negligence; and detailed coverage on budgeting a rooms department for a commercial hotel.

This manual helps medium and large law firms increase productivity by providing a model manual for law office policies and procedures. The book, an updated and expanded version of the previous (fourth) edition, is divided into seventeen sections, covering such topics as law office organization, management, and administration, support personnel, office policies, personnel policies and benefits, office security and emergency procedures, financial management, file systems, technology, and communications systems. The book contains numerous sample forms and documents, as well as extensive bibliographies. A CD containing the entire text of the manual is included, allowing customization of the manual for particular user needs.

Accompanying DVD contains videos & PowerPoint presentations on different aspects of hotel housekeeping .
