From the New York Times bestselling author of Fatal Vision comes a shocking true account of murder, family secrets, and final justice now available for the first time as an e-book... One hot summer night in 1988, Bonnie Von Stein's second husband was murdered in their bed, Bonnie herself stabbed, beaten, and left for dead beside him. It looked like a brutal but tragically typical case: Von Stein was newly wealthy, and Bonnie's troubled son Chris, seemed like the obvious suspect. But Chris turned out to have an air-tight alibi and new leads suggested the crime could be much more complex. The trail led to Chris's two strange new friends from college and a real-life enactment of a bizarre Dungeons and Dragons fantasy adventure, and it implicated Bonnie's teenage daughter as well. In Cruel Doubt, Joe McGinniss probes the dark heart of family life and small-town North Carolina society to uncover a fascinating and terrifying story that is at once a chilling murder mystery, a tense courtroom drama, and a heartbreaking account of a mother forced to doubt her own children.

Combines the efforts of three of the genre's most popular authors in the newest installment in the series taking place in Honor's universe, following the adventures of the finest starship captain in the galaxy. Original.

THE ROAD HOME Bahzell Bahnakson of the Horse Stealer hradani never wanted to be a champion of the War God. Unfortunately, Tomandk had insisted. Even more unfortunately, Bahzell's own sense of responsibility hadn't let him say, "No." Which was how he found himself in the Empire of the Axe, where even people who didn't actively hate hradani regarded them with suspicion and fear. Of course, that was only the start of his problems. Next, there was the Order of Tomanak, many of whom were horrified by the notion that their deity had chosen a hradani as a champion . . . and intended to do something about it. And assuming he survived that, he had to go home-across three hundred leagues of bitter winter snow-to face a Dark God who threatened to destroy all hradani. Throw in the odd demon and brigand ambush, and add a powerful neighboring kingdom with no intention of letting Bahzell (or anyone else) save his people, and you have the makings of a really bad day. But one thing Bahzell has learned: champion of Tomanak does what needs doing. And the people in his way had better move. At the publisher's request, this title is sold without DRM (Digital Rights Management).
