It's been over a year since all the adults disappeared. Gone. In the time since every person over the age of fourteen disappeared from the town of Perdido Beach, California, countless battles have been fought: battles against hunger and lies and plague, and epic battles of good against evil. Light, Michael Grant's sixth and final book in the New York Times bestselling Gone series creates a masterful, arresting conclusion to life in the FAYZ. And now, the gaiaphage has been reborn as Diana's malicious mutant daughter, Gaia. Gaia is endlessly hungry for destruction. She yearns to conquer her nemesis, Little Pete, and then bend the entire world to her warped will. As long-standing enemies become allies, secrets are revealed and unexpected sacrifices are made. Will their attempts to save themselves and one another matter in the end, or will the kids of Perdido Beach perish in this final power struggle?

Welcome back to the FAYZ! This is Book 6 in the series that Stephen King calls a 'driving, torrential narrative'.

This collection contains all six books in New York Times bestselling author Michael Grant's breathtaking dystopian sci-fi Gone saga. These page-turning thrillers invoke the classic *The Lord of the Flies* along with the horror of Stephen King. King himself said: "I love these books." In the blink of an eye, everyone disappears. Gone. Except for the young. There are teens, but not one single adult. Just as suddenly, there are no phones, no internet, no television. No way to get help. And no way to figure out what's happened. Hunger threatens. Bullies rule. A sinister creature lurks. Animals are mutating. And the teens themselves are changing, developing new talents—unimaginable, dangerous, deadly powers—that grow stronger by the day. It's a terrifying new world. Sides are being chosen, a fight is shaping up. Townies against rich kids. Bullies against the weak. Powerful against powerless. And time is running out: on your birthday, you disappear just like everyone else. . . . Michael Grant's Gone series has been praised for its compelling storytelling, multidimensional characters, and multiple points of view. Included in this collection are: *Gone*, *Hunger*, *Lies*, *Plague*, *Fear*, and *Light*.

It's been eight months since all the adults disappeared. Gone. They've survived hunger. They've survived lies. But the stakes keep rising, and the dystopian horror keeps building in *Plague*, Michael Grant's fourth book in the New York Times bestselling Gone series. A highly contagious fatal illness is spreading at an alarming rate, while sinister, predatory insects terrorize Perdido Beach. Sam, Astrid, Diana, and Caine are plagued by a growing doubt that they'll escape—or even survive—life in the FAYZ. With so much turmoil surrounding them, what desperate choices will they make when it comes to saving themselves and those they love?

The first in New York Times bestselling author Michael Grant's breathtaking dystopian sci-fi saga, *Gone* is a page-turning thriller that invokes the classic *The Lord of the Flies* along with the horror of Stephen King. In the blink of an eye, everyone disappears. Gone. Except for the young. There are teens, but not one single adult. Just as suddenly, there are no phones, no internet, no television. And time is running out: on your birthday, you disappear just like everyone else. . . . Michael Grant's *Gone* has been praised for its compelling storytelling, multidimensional characters, and multiple points of view.

It's been one year since all the adults disappeared. Gone. Despite the hunger, despite the lies, even despite the plague, the kids of Perdido Beach are determined to survive. Creeping into the tenuous new world they've built, though, is the worst incarnation yet of the enemy known as the Darkness: fear. Within the FAYZ, life breaks down while the Darkness takes over—turning the dome-world of the FAYZ entirely black. A will to survive and a desire to take care of those they love endure in this ravaged band, even in the bleakest moments. But in darkness, the worst fears of all emerge, and the cruelest of intentions are carried out. After so many months, is all about to be lost in the FAYZ?

It's been three months since everyone under the age of fifteen became trapped in the bubble known as the FAYZ. Three months since all the adults disappeared. Gone. Food ran out weeks ago. Everyone is starving, but no one wants to figure out a solution. And each day, more and more kids are evolving, developing supernatural abilities that set them apart from the kids without powers. Tension rises and chaos is descending upon the town. It's the normal kids against the mutants. Each kid is out for himself, and even the good ones turn murderous. But a larger problem looms. The Darkness, a sinister creature that has lived buried deep in the hills, begins calling to some of the teens in the FAYZ. Calling to them, guiding them, manipulating them. The Darkness has awakened. And it is hungry.

It's been seven months since all the adults disappeared. Gone. It happens in one night: a girl who died now walks among the living; Zil and the Human Crew set fire to Perdido Beach; and amid the flames and smoke, Sam sees the figure of the boy he fears the most: Drake. But Drake is dead—or so they thought. Perdido Beach burns and battles rage: Astrid against the Town Council; the Human Crew versus the mutants; and Sam against Drake, who is back from the dead and ready to finish where he and Sam left off. They say that death is a way to escape the FAYZ, but are the kids of Perdido Beach desperate enough to believe that death will set them free?

**MICHAEL GRANT'S ACTION-PACKED AND MUCH ANTICIPATED NEW BOOK, SET IN THE AFTERMATH OF THE BESTSELLING GONE SERIES.** When the dome came down, they thought it was the end of the troubles. Truth is, it was just the beginning. Shade Darby witnessed events that day, with devastating consequences, and vowed never to feel that powerless again. Now, four years later, she gets her hands on a part of the meteor that began it all - and that's when she changes. Trouble is, Shade's not the only one mutating, and the authorities cannot allow these superpowers to go unchecked . . . First of an explosive three-book young adult series. Once again Michael Grant creates a compelling young cast of new characters for readers to love, hate and debate, as well as a host of unimaginable creatures. This happily stands alone from the GONE series, while also featuring some fan-pleasing appearances from previous FAYZ inhabitants. Michael Grant lives in San Francisco with his wife, Katherine Applegate, and has written over 150 books - with Katherine, as himself, under pseudonyms and as a ghostwriter. He is best know for the international multi-million-selling young adult six-book GONE series: GONE, HUNGER, LIES, PLAGUE, FEAR and LIGHT.

It's Lord of the Flies for the Heroes generation. All eyes are on Perdido Beach. The barrier wall is now as clear as glass and life in the FAYZ is visible for the entire outside world to see. Life inside the dome remains a constant battle and the Darkness, away from watchful eyes, grows and grows . . . The society that Sam and Astrid have struggled so hard to build is about to be shattered for good. It's the end of the FAYZ. Who will survive to see the light of day? A tour-de-force from global sensation, Michael Grant, Light is the final heartstopping installment in this bestselling series. "I love these books" – Stephen King
