The Series 4000 MTU is designed to connect with a Honeywell ERX pressure monitor, a Honeywell Mini-AT volume corrector, or a Mini-Max volume corrector. In addition to a 10 item audit trail, the Series 4000 allows the user to perform on-demand reads and reconfigure the instrument and the MTU via the NCC.

Seeing is Understanding. The first VISUAL guide to marine diesel systems on recreational boats. Step-by-step instructions in clear, simple drawings explain how to maintain, winterize and recommission all parts of the system - fuel deck fill - engine - batteries - transmission - stern gland - propeller. Book one of a new series. Canadian author is a sailor and marine mechanic cruising aboard his 36-foot steel-hulled Chevrier sloop. Illustrations: 300+ drawings Pages: 222 pages Published: 2017 Format: softcover Category: Inboards, Gas & Diesel

John C. Payne is a professional marine electrical engineer with 23 years merchant marine and off-shore oil experience.

UK companies are governed by legal and other regulatory requirements impacting elements of financial statements that are common to users of both International Financial Reporting Standards (IFRS) and UK GAAP. These are often referred to as the 'front half' of the financial statements. This publication contains the guidance applicable to all UK companies regardless of the GAAP under which their financial statements are prepared. Key updates from the previous edition (Manual of Accounting: Management Reports and Governance 2011) include updated chapters on business review and corporate governance, with many more illustrations and examples. Written by PwC's UK Assurance Risk and Quality team, the manual includes practical advice based on PwC's work advising clients, partners, and staff. The book will be of particular interest to finance directors, accountants, legal practitioners, company administrators, financial advisors, and auditors.

UK companies are governed by legal and other regulatory requirements impacting elements of financial statements that are common to users of both IFRS and UK GAAP. These are often referred to as the 'front half' of the financial statements. This publication contains the guidance applicable to all UK companies regardless of the GAAP under which their financial statements are prepared.Written by PwC's UK Assurance Risk and Quality team, the manual includes practical advice based on PwC's work advising clients, partners and staff. The book will be of particular interest to finance directors, accountants, legal practitioners, company administrators, financial advisors and auditors.This year's edition provides guidance for UK quoted companies on the 'front half' of financial statements, including many illustrations and examples. Key updates from previous edition include: Updated guidance for new external guidance and legislation includingFRC UK Corporate governance code and 2013 Statutory instruments regulations New real-life examples from accounts
