In the last year, Allie's survived three arrests, two breakups and one family breakdown. The only bright point has been her new life at Cimmeria Academy. It's the one place she's felt she belongs. And the fact that it's brought the dreamy Carter West into her life hasn't hurt. . . But far from being a safe haven, the cloistered walls of Cimmeria are proving more dangerous than Allie could've imagined. The students, and faculty, are under threat and Allie's family - from her mysterious grandma to her runaway brother - are at the centre of the storm. Allie is going to have to choose between protecting her family and trusting her friends. But secrets have a way of ripping even the strongest relationships apart . . . 'Night School is dramatic and full of great characters, the perfect blend of suspense and romance.' Sophie McKenzie

Night School, the first book in a series of darkly romantic YA thrillers set in a British boarding school, is generating excitement around the world. When Allie Sheridan gets arrested—again—her parents have had enough. They send Allie to the Cimmeria Academy far away from her London friends. The school is beautiful, and filled with gorgeous, ultra-wealthy teens who travel by private jet, were raised by nannies, and only shop on 5th Avenue or

Bond Street. As the school begins to seem like a very dangerous place, she must decide who she can trust if she's going to find out what's really going on.

Broken but not defeated The spy is gone but the cost is high - the rebels at Cimmeria Academy have lost their champion. Allie's heart is broken. Nathaniel can taste victory. Time is running out. First they have to find Carter West. Then, one way or another, this game must end. The stakes are incredibly high. It is truly life or death, now. Endgame is the thrilling fifth book in the international bestselling Night School series. Praise for Endgame 'This last book is everything you can hope for and more... Endgame is like a bomb ticking' Fairy Neverland 'Five stars feels too low for such a beautiful, wonderful novel' Sophie Reads YA 'HOLY. FREAKING. When a murder echoing a fifteen-year-old cold case rocks the Southern town of Savannah, crime reporter Harper McClain risks everything to find the identity of this calculated killer in Christi Daugherty's new novel The Echo Killing. A city of antebellum architecture, picturesque parks, and cobblestone streets, Savannah moves at a graceful pace. But for Harper McClain, the timeless beauty and culture that distinguishes her home's Southern heritage vanishes during the dark and dangerous nights. She wouldn't have it any other way. Not even finding her mother brutally murdered in their home when she was twelve has made her love Savannah any less. Her mother's killer was never found, and that unsolved murder left Harper with an obsession that drove her to become one of the best crime reporters in the state of Georgia. She spends her nights with the police, searching for criminals. Her latest investigation takes her to the scene of a homicide where the details are hauntingly familiar: a young girl being led from the scene by a detective, a female victim naked and stabbed multiple times in the kitchen, and no traces of any evidence pointing towards a suspect. Harper has seen all of this before in her own life. The similarities between the murder of Marie Whitney and her own mother's death lead her to believe they're both victims of the same killer. At last, she has the chance to find the murderer who's eluded justice for fifteen years and make sure another little girl isn't forever haunted by a senseless act of violence—even if it puts Harper in the killer's cross-hairs...

The spy is gone but the cost has been high - the rebels at Cimmeria Academy have lost their leader and Carter West is missing. Nathaniel can taste victory. But Allie and the other survivors aren't done yet. First they have to get Carter back. Then they plan to make Nathaniel pay.

A bestselling modern classic—both poignant and funny—about a boy with autism who sets out to solve the murder of a neighbor's dog and discovers unexpected truths about himself and the world. Nominated as one of America's best-loved novels by PBS's The Great American Read Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. He relates well to animals but has no understanding of human emotions. He cannot stand to be touched. And he detests the color yellow. This improbable story of Christopher's quest to investigate the suspicious death of a neighborhood dog makes for one of the most captivating, unusual, and widely heralded novels in recent years.
