#8 Introduction to

palliative care

~~Palliative Care~~

~~Nursing Caring For~~

Community nurses usually visit you at home, and family and friends may be closely involved in caring for you too.

What is palliative care? End of life care includes palliative care. If you have an

Acces PDF Palliative Care

illness that cannot be cured, palliative care makes you as comfortable as possible, by managing your pain and other distressing symptoms. It also involves psychological, social and spiritual support for you and your family or carers.

~~What end of life care~~

Acces PDF Palliative Care involves—NHS Nursing Caring For Suffering Patients

Palliative care is the type of care given to people who are living with a terminal illness. It aims to manage pain and other symptoms rather than providing a cure. It ensures that a person is as comfortable as possible. Palliative care forms a part of
