A true story of shattered childhoods... Following her escape from Nazi Germany and the loss of her family Judith searches for unconditional love and acceptance. In a bleak boarding house she meets her future husband – another Jewish refugee who cares for her when she is ill. Tragically she associates illness with love and a pattern is set. Judith's behaviour eventually spiral into anorexia – a disease little known or understood in 1950's Britain. While she starves herself, Judith forces Ruth, her daughter, to eat. She makes elaborate meals and watches her consume them. She gives her a pint of custard before bed each night. As the disease progresses roles are reversed. Ruth must care for her mother and loses any hope of a normal childhood. The generation gap is tragically bridged by loss and extreme self-loathing, in this moving true story of a family's fight to survive.

Judith Wright (1915-2000) remains a giant figure within Australian art, culture, and politics. Her 1946 collection of poetry, *The Moving Image*, revolutionized Australian poetry. She helped to establish the modern Australian environmental movement and was a key player in early campaigns for Aboriginal land rights. A friend and confidante of artists, writers, scholars, activists, and policy makers, she remains an inspiration to many. And yet, as Georgina Arnott is able to show in this major new work, the biographical picture we have had of this renowned poet-activist has been very much a partial one. This book presents a more human figure than we have previously seen, and concentrates on Wright's younger years. New material allows us to hear-directly, thrillingly-the feisty voice of a young Judith Wright, and forces us to reconsider the woman we thought we knew. \*\*\* "Thoroughly 'reader friendly' in organization and presentation, 'The Unknown Judith Wright' is unreservedly recommended for community and academic library Literary Studies collections in general, and supplemental studies reading lists in the subject areas of: Australian History, Art, Poetry, Gender Studies, Literary Criticism, and Biographies." --Midwest Book Review, Library Bookwatch: January 2017 Subject: Australian History, Art, Poetry, Gender Studies, Literary Criticism, Biography]

Mary Carmichael, a young girl from the East, arrives in Wyoming to take a job as a governess for a sheep rancher in the Wind River Mountains. She meets Judith Rodney, postmistress and strong western woman.

In this groundbreaking book, a leading clinical psychiatrist redefines how we think about and treat victims of trauma. A "stunning achievement" that remains a "classic for our generation." (Bessel van der Kolk, M.D., author of *The Body Keeps the Score*). *Trauma and Recovery* is revered as the seminal text on understanding trauma survivors. By placing individual experience in a broader political frame, Harvard psychiatrist Judith Herman argues that psychological trauma is inseparable from its social and political context. Drawing on her own research on incest, as well as a vast literature on combat veterans and victims of political terror, she shows surprising parallels between private horrors like child abuse and public horrors like war. Hailed by the *New York Times* as "one of the most important psychiatry works to be published since Freud," *Trauma and Recovery* is essential reading for anyone who seeks to understand how we heal and are healed.

A 1990 assessment of the cognitive abilities of children and the variables affecting memory.

When the 1st Michigan Volunteer Infantry regiment arrived in Washington, DC, President Lincoln exclaimed: "Thank God for Michigan!" The state raised more than 90,000 men to serve during the Civil War, and 69 of them received the Medal of Honor. Notable Michiganders include Gens. Israel Richardson, Orlando Poe, Alpheus Williams, Orlando Willcox, and George Hartsuff, as well as "The Boy General," George Armstrong Custer, and Officer Norman Hall, who was stationed at Fort Sumter when the war began. Featuring images of the 4th Michigan Cavalry, which captured Confederate president Jefferson Davis at the war's end, and never-before-published photographs of Wolverine soldiers, *Images of America: Remembering Michigan's Civil War Soldiers* highlights hundreds of Michiganders who were committed to preserving the Union.

This volume focuses on the story of Judith as presented by composers, librettists and playwrights over four centuries. Helen Leneman analyzes numerous examples of music, librettos and the librettists' views of Judith - strongly influenced by societal attitudes of their time - and how these works in turn suggest unexpected ways of understanding biblical women and their stories. Music adds nuances, colors and emotions, becoming a subtext that suggests character and emotions. Leneman presents in-depth analyses of the librettos and music of 16 operas and oratorios based on the book of Judith that span 300 years (1694-1984), in addition to two influential plays that inspired several librettos in the nineteenth century. Exploring works by such varied composers as Vivaldi, Mozart, Parry, Honegger, Serov, Chadwick and von Reznicek, Leneman reveals the ways in which each adaptation expands, distills or reinterprets Judith's character and story. In this first ever extensive study of musical settings of the Book of Judith, Leneman enables the biblical heroine to transcend her source.
