9780877209393 - Marine Science by Green, Thomas F - AbeBooks

Reviewed in the United States on August 14, 2001 T.F. Greene's "Marine Science" is far and away the best introductory text on the subject I have encountered. It is well written and follows a logical, well written progression through a large body of information. The Units and Chapters are well thought out and each has effective review material.
