In the year 2130 a mysterious spaceship, Rama, arrived in the solar system. It was huge, but empty - apparently abandoned. By the time Rama departed for its next unknown destination many wonders had been uncovered, but few mysteries solved. Only one thing was clear: everything the enigmatic builders of Rama did, they did in threes.

Rendezvous with Rama is a disappointing game based on Arthur C. Clarke's classic sci-fi novel of the same name. As captain of the ship, your task is to dock with and explore Rama, a huge alien vessel complete with large cities and strange mechanical inhabitants. Telarium's parser is adequate, although nothing special.
